

ATTN:SCANN CENTRE CHAIRMAN MR.SHAMSHER GILANI
ON BEHALF OF SCANNCENTRE BOARD

Dear Sir,

I wish to kindly pass my heartfelt appreciation for this far you have brought me and the rest of SCANN boys. This far you have brought us we can only say so much but thank you and especially those of us who call ourselves THE SCANN ALUMNI having gone through SCANN and now out here in the world we feel like we already have adequate life lessons taught to us through emulation of our parents (The SCANN fraternity led by the SCANN'S Board of Trustees) it is for this reason that we are greatly indebted to the SCANN community.

May God bless you Abundantly.

I bring to your attention an attachment of my BACHELOR OF SCIENCE DEGREE CERTIFICATE SECOND CLASS HONORS IN COMPUTER SCIENCE.

This degree marks the climax of my four academic year stay in kabarak University thanks to SCANN center. As you may all know that apparently I am in my new Job as an ICT specialist at Compulynx Kenya Limited in Nairobi. However my GOAL still remains that I will one day continue with my education in order to pursue a post graduate degree. This is especially motivated by my overwhelming performance in my undergraduate class obtaining a second class honors. As I work hard to attain this goal, my doors still remain open of any assistance that may come on my way God willing.

Once again may the almighty God Bless you and have a blessed year ahead
Thank you.

Kind Regards... 

DAVID W GITONGA

ict specialist
